

Google Career Certificates Scholarships

FREQUENTLY ASKED QUESTIONS

WHAT IS THE SCHOLARSHIP PROGRAM ABOUT?

Google Career Certificates provide job seekers with *FREE* access to in-demand skills through job training without the need for a college degree or prior experience in the fields of Cybersecurity, Data Analytics, Digital Marketing & E-commerce, IT Support, Project Management, or User Experience (UX) Design.

WHO CAN APPLY FOR A SCHOLARSHIP?

We are encouraging ALL who are 18yrs or older to apply. There is a priority to distribute scholarships among historically underserved and economically disadvantaged communities.

HOW LONG DOES IT TAKE TO COMPLETE A CERTIFICATE PROGRAM?

Scholarship recipients commit to completing a certificate program within a 6-month timeframe, which is based upon a 10hr study week that is flexible to their study habits. There are no penalties for completing certificate program earlier than 6 months.

WHAT IS NEEDED TO COMPLETE PROGRAM?

- Working Computer
- Reliable Internet Access
- Proof of ID for Coursera and issue of certificate

WHAT BACKGROUND KNOWLEDGE IS NECESSARY TO COMPLETE A CERTIFICATE?

None! Whether you are completely new to the field or have had some exposure to it, you can enroll and complete any of the Google Career Certificate programs.

HOW DO I ACCESS THE COURSE WORK?

Coursera.org is the platform Google uses to host the Google Career Certificate program, and where you will take the self-guided courses. It is 100% online and flexible to your life. You will not need to stream or join any videoconferencing links to access course work.

HOW SUCCESSFUL IS THE PROGRAM?

75% of program graduates report an improvement in their career trajectory, ie: new job or career, promotion or raise) within 6 months of certificate completion. 2.4M+ job postings across certificate fields without the need for a college degree or prior experience.
